Thank you for purchasing OGAWA iCozy massager.

Please read the Safety Precautions carefully before using this foot massager. The Safety Precautions are divided into 'warnings' and 'attention' in terms of the degree of danger. This book should be kept available for future reference after reading.

Safety Instructions

a) Important safety instructions

- To ensure a safe and proper operation, please read the instruction manual carefully before using this product.
- Use this product only as described in this manual.
Always unplug this product from the electrical outlet immediately before cleaning.
- Do not use this product if you have sensitive skin, neuropathy
Don't let children or people with mental disabilities use the heating function without proper supervision. Improper use may be dangerous.
- Do not operate this product under a blanket or when covered. Over-heating can occur and cause fire, electric shock or injury.
- Do not cover this product in order to avoid electrical faults or damages due to excessively high motor temperature.
- Stop the massage immediately if you feel any discomfort.
- Never operate this product if it has been dropped, has a damaged cord or plug: experiences a malfunction, or if it has been dropped in water. Please contact an authorized service centre to do the necessary check and repair.
- Do not use the components that are not recommended by OGAWA.
- Do not insert any objects into any openings in the product.
- If you want to cut off the power supply, please make sure you have turned off all the operating controls, as well as remove the power plug from the socket.
- Please do not use this product as a medical device. If you need a professional diagnosis or treatment, please consult a professional medical person.

b) Operating Environment Precautions

- Do not use this massager in humid or extremely dusty environments to avoid malfunction.
- Do not use this massager at a temperature above 40 degree centigrade.
- Do not use this massager outdoors.
- Avoid placing or operating this massager in direct sunlight or near a heating appliance, stove.

Safety Instructions

c) User precautions

- Make sure that this product is far away from any hot surfaces.
- Please consult your doctor before use for those who have the following diseases:

Those who have heart disease, malignant tumor, spinal scoliosis, osteoporosis, etc.

Those who are pregnant or having a menstrual period.

Those who have a physical discomfort, fever, a swelling or inflammation, bruises, allergies, etc,

Those who are warned by the doctor not to do any massage to avoid injury or physical discomforts such as blood clots (thrombosis), severe aneurysm, acute venous tumor, all kinds of skin inflammation, infectious skin disease (including subcutaneous tissue inflammation), etc,

Warnings: Do not use the massager together with the following medical instruments.

- 1) Those who are using a pacemaker or other implantable medical equipment.
- 2) Those who are using an artificial heart.
- 3) Those who are wearing an electrocardiograph for similar medical equipment.

Otherwise it will cause malfunction for those medical equipment, putting the user's life in danger.

d) Precautions for power supply

- Do not turn on the switch when your hands are wet.
- Do not immerse in or spray water or liquid on the control power switch.

e) Cord/Plug Precautions

- Do not connect or remove the plug with wet hands. Otherwise you will suffer an electric shock or a product malfunction.
- Do not pull the wires when you pull out the power plug. Please hold the plug itself,
- As the default operating time is 15 minutes, all the functions will stop working after 15 minutes. Turn off the main ON/OFF switch when not in use
- Keep the cord away from hot surfaces.
- Do not place the power plug under the product or any heavy items.

Safety Instructions

- Do not wind the power plug around the product lest it should be damaged and cause an electric shock or fire.
- Do not operate this product if it has a damaged cord or plug.
- Do not use this product if the power socket is loose.
- Do not carry this product by its supply cord or use the cord as a handle.
- When the power plug is damaged, please call the service centre or an authorized technical person for the necessary check and maintenance.

Attention

- Do not fall asleep during massage.
- Do not use this product while you are drunk or physically uncomfortable.
- Don't stand on the product or put a heavy weight on it.
- Do not use this product for more than 30 minutes.
- Do not use this product if the cloth cover is worn out.
- Do not use this product within an hour before or after a meal.
- When you are using the product at a low room temperature, do not suddenly use the heat function. You can adjust the room temperature to normal room temperature, before starting the heat function.
- When moving this product from a low temperature storage place to a warmer setting, it may cause malfunction due to water vapor gathered in the components. Set the product in a normal room temperature for one hour before using it.
- Do not use this product if you find any components damaged or the product in an abnormal condition.
- When current interruption occurs during your massage, try to avoid further damage due to sudden power restoration.
- Stop using the product if there is thunder and lightning.
